1. For cities, townships, other jurisdictions besides county: Has SSTS authority been returned to the county during the previous year?

Stearns County has full jurisdiction within the County boundaries. There are no other LGU's that administer an SSTS program.

2. What is your timetable for adopting your new SSTS ordinance?

Public hearing was held December 15th 2009, and continued until January 19th, 2010. Hopefully, implementation of a new ordinance will occur by the required deadline of February 4th, 2010.

3. Has your jurisdiction applied for MPCA or BWSR for FY10-FY11 grant funding for your SSTS program? If so, what project?

No, we have not.

If you have indicated you have Alternative Local Standards within your jurisdiction, the following information must also be submitted for review.
For complete Rule language, please see [7082.0050 Subpart 5](#)

1. Are your ALS for existing or new construction/replacement SSTS?

Not applicable in Stearns County.

2. If the ALS are for new construction/replacement systems, has your SSTS ordinance been submitted to the local water planning advisory committee and MPCA?

Not applicable in Stearns County.

3. Time period allowed to upgrade, replace, or discontinue use of noncomplying ALS system.

Not applicable in Stearns County.

4. Basis for ALS implementation (soils, vegetation, well placement, etc)

Not applicable in Stearns County.

5. Describe how ALS will adequately protect public health and the environment.

Not applicable in Stearns County.

Please do not change the column names; we need to keep this format so we can merge the data

For non-performance systems, enter the total number of tanks installed by each installer.
 You do not need separate entries for different types of tanks (lift tank, septic tank, holding tank).

Grey-shaded areas are only needed if you allow homeowners to install their own tanks
